

"The Energy Company Of Choice"
A Touchstone Energy® Cooperative 

JOURNEY LINE SPECIALIST – PRINCETON DISTRICT

WIN Energy REMC, a progressive electric distribution cooperative with headquarters located in Vincennes, IN, is seeking a qualified journey line specialist for the Princeton district. WIN Energy REMC serves over 16,500 meters across 2,600 miles of line in eight southern Indiana counties with the mission to "Provide safe reliable electric service at the best value to our member-owners while supporting the communities we serve". The cooperative has 52 employees in three office locations with satellite offices in Princeton, IN and Sullivan, IN. WIN Energy REMC is a Touchstone Energy Cooperative and purchases its wholesale power supply from Hoosier Energy, REC, Inc.

Position requirements include a high school diploma, successful completion of a power line apprenticeship program, and experience working with overhead and underground electric distribution lines and facilities, including line construction, maintenance, and troubleshooting. The position requires knowledge of RUS line specifications, National Electric Code, National Electric Safety Code, OSHA Rules and Regulations.

The successful candidate(s) must have a Class A Commercial Driver's License (CDL) and will be required to live within 15 miles from the Princeton office. Drug screening is required.

The position works in a union environment and wage scale is in accordance with the bargaining agreement. The cooperative offers a relocation benefit along with a comprehensive benefit package.

Applications are available and only accepted online at www.winenergyremc.com. Deadline for applications is Wednesday, April 4, 2018.
