

Residential HVAC Tune-up

Getting your HVAC equipment tuned up each year not only ensures your equipment is running efficiently and saving money on your electric bill, but could catch any potential problems before they arise.

WIN Energy REMC is offering residential member-consumers the opportunity to apply for a HVAC tune-up service incentive valued at 50% off the tune-up cost up to \$50.00. This incentive program is designed for heat pump technologies and central air conditioning systems. Gas furnaces are not eligible unless part of the central air system.

To Qualify:

- One rebate per member account per calendar year.
- HVAC unit must be located in a home served by WIN Energy REMC.
- Unit must be 3+ years old.
- The tune-up must be performed by a licensed HVAC contractor and include detailed description of service performed on receipt/invoice.
- Application must be filled out and signed by member.
- Submission for rebates must be within 90 days of tune-up service in the same calendar year.
- Rebate participation is subject to funding availability.
