

Residential HVAC Tune-up

Getting your HVAC equipment tuned up each year not only ensures your equipment is running efficiently and saving money on your electric bill, but could catch any potential problems before they arise.

WIN Energy REMC is offering residential member-consumers the opportunity to apply for a HVAC tune-up service incentive valued at 50% off the tune-up cost up to \$50.00. This incentive program is designed for heat pump technologies and central air conditioning systems. Gas furnaces are not eligible unless part of the central air system.

To Qualify:

- One rebate per member account per calendar year.
- HVAC unit must be located in a home served by WIN Energy REMC.
- Unit must be 3+ years old.
- The tune-up must be performed by a licensed HVAC contractor and include detailed description of service performed on receipt/invoice.
- Application must be filled out and signed by member.
- Submission for rebates must be within 90 days of tune-up service in the same calendar year.
- Rebate participation is subject to funding availability.

HVAC Tune-up Terms & Conditions

Eligibility Requirements

- Must be a current WIN Energy REMC residential member-consumer.
- Tune-up service must be in a home served by WIN Energy REMC.
- Applicant must occupy the home where the tune-up was serviced year-round (12 months).
- Program eligibility includes prior participation in rebate programs, with incentive and measure caps specific for each program. Applications in excess of program caps will not be processed.

HVAC Tune-up Rebate Program Requirements

- The HVAC Tune-up rebate is designed for tune-up services only on air source heat pumps, geothermal heat pumps and air conditioners.
- All applicants must provide a receipt/invoice showing a description of services completed and cost.
- Submission for HVAC Tune-up rebate must include application and receipt or invoice showing a description of services completed and cost. Applicant understands no rebate will be given if applicant fails to provide required documentation. Limit of one rebate per member account per year.

Program Parameters

- Applicant agrees to purchase power from WIN Energy REMC for a period of one year. Should the applicant receive 100% of their power from any source other than WIN Energy REMC, including generation owned by the customer before the end of one year, the applicant agrees to refund the full amount of the rebate to WIN Energy REMC.
- Hoosier Energy maintains full discretion over the rebate and reserves the right to modify the program at any time.

Application Procedures and Deadlines

- Applications are processed on a first-come, first-served basis while funds are available.
- Submission for rebates must be within 90 days of service in the same calendar year.
- Applications become the property of WIN Energy REMC and will not be returned. Please keep a copy for your records.

Incentive Payments

- WIN Energy REMC reserves the right to approve or deny incentive.
- The incentive payment cannot exceed 50% of the total service cost up to \$50 as noted on application. Taxes, fees, and labor cannot be included in the equipment cost.
- Rebates may take up to six weeks from receipt of the application by WIN Energy REMC to process.
- Approved rebates will be returned to the applicant in the form of a bill credit or check by mail, via the U.S. Postal Service.
- Application approval is not a guarantee of incentive payment.
- WIN Energy REMC reserves the right to withhold payment for services that do not meet the program requirements as determined within its sole discretion.
- Incentives are paid as a one-time, one-program offer and cannot be combined with incentive payments, rebates or discount programs from other utility providers.

Logo Usage

- Program applicants and program participants may not use any member cooperative or Hoosier Energy logo or name without prior express written permission.
