

What is Budget Billing?

- Budget billing is an equalized payment plan that allows you to pay the same amount on your electric bill each month, based on the previous twelve months’ usage.
- You can view and track your actual usage and account balance on your billing statement each month or online at our website: www.winenergyremc.com
- Budget accounts are settled annually based on the month that you enroll. You will be billed the budget amount for eleven months. Any debit or credit balance existing on your account in month twelve of the budget year will be rolled into your next budget year and your monthly budget amount will be adjusted accordingly.
